

Paraguay Revenue Notes

These listings do not include any items not seen by the writer and are only to help further the knowledge of these hard to find issues. Hahn catalogue numbers have been included to assist in referencing of the earlier material..

Hahn references on some issues both a thick and thin serial number. I do believe that they are a result of uneven pressure from the numbering machine, and I have ignored them.

Date hand stamps are just that, done one at a time and do vary in thickness and size even in multiples.

Issues from 1919 to 1932 all have the imprint of "Talleres del Estrado" and are lithographed. Colors vary quite a bit due to multiple printings, gum and or storage issues. I have listed the lowest and highest serial numbers to assist in future research.
